(1) ODA is disbursements according to OECD DAC rules, Canadian fiscal year

(2) Performance ratio is the percentage of ODA in Canada's Gross National Income. GNI is based on latest figures provided in the annual Federal Budgets and/or Budget Updates after 2005-2006.

(3) "Real ODA" is Canadian ODA less amounts included for refugees for their first year in Canada, imputed costs for developing country students studying in Canada, and the value of debt relief included in ODA.

(4) ODA in 2010 dollars is ODA adjusted by the annual consumer price index to remove the impact of inflation as a more accurate comparison between years. 2010 Dollars: Statistics Canada, Consumer Price Index, historical summary
