\*\* AidWatch Canada and CCIC estimates for this fiscal year.

1) Real ODA is Total ODA less disbursements for refugees in Canada, students in Canada and debt cancellation.

2) ODA Performance - ODA as a share of Gross National Income

Note:

1) ODA in 2014/15 is unusually high because of two one-off disbursements - \$442 million to the IDA window of the World Bank and a \$400 million loan to the Ukraine.

2) ODA in 2020/21 includes more than \$1 billion in additional new finance due to Canada's ODA investments relating to the COVID-19 pandemic.
